1. Compensation Structure

Gross monthly salary consists of four components, shown in Figure 1. Taxes are deducted at source under the Income Tax Ordinance, 2001 and are reported on the monthly payslip. Salary is credited on the last working day of each month.

2.1 Provident Fund

Every confirmed employee contributes **8% of basic salary** to the Nexora Provident Fund, and the company contributes a matching **8%**. The employee's own contribution is always fully owned; ownership of the company's contribution increases with service, as in Table 1.
